Subject: Nonpublic Schools Regional Training Session

The New Jersey Department of Education, Office of Title I Program Planning and Accountability, has scheduled a nonpublic school training on Tuesday, September 28, 2004. We invite you to attend a comprehensive session that includes the United States Department of Education specialist, Ms. Virginia Berg, which is an expert on nonpublic schools and Title I.

The session is targeted to specific topics highlighted in the No Child Left Behind Act of 2001 under the new non regulatory guidance and will focus on private school consultation, calculations and state responsibilities. The purpose of New Jersey's Title I session is to provide schools with public and private assistance in the development, implementation, and evaluation of their Title I programs.

The session will be from 9:00 a.m. – 3:00 p.m. The capacity of the session will be up to one hundred registrants across the state. The session will be held at the Princeton Plasma Center in Princeton, New Jersey.

We have also provided you with the opportunity to register online for the private school session. The online registration site is at <http://www.state.nj.us/njded/TitleI>. The directions to the center are also available online. All registrants will be served on a first come, first served basis.

We look forward to seeing you at the session. Thank you.
